

PLANNING FOR OUR FUTURE

CAMPUS IMPROVEMENT PROGRAM 2014–20
CONSULTATION PERIOD EXTENDED
TO 31 MARCH 2014

THE UNIVERSITY OF
SYDNEY

The University of Sydney has lodged a proposal with Planning and Infrastructure that aims to improve cultural, recreational, research and educational facilities for our students, staff and the wider community.

WHAT IS THE CAMPUS IMPROVEMENT PROGRAM?

The Campus Improvement Program (CIP) is a seven-year plan for the construction of new buildings, infrastructure and publicly accessible areas for our Camperdown/Darlington Campus. The program was lodged with Planning and Infrastructure, which placed it on exhibition for public comment for 30 days, from 29 January to 28 February 2014. This is in keeping with the provisions of the Environmental Planning and Assessment Act 1979.

COMMUNITY CONSULTATION

The University is extending its consultation period until 31 March 2014 to provide the local community with more information on the CIP. This will enable the University to respond to all comments and ideas we receive during the extended consultation period, and submissions we have received from Planning and Infrastructure through the statutory exhibition period. We have advised the agency of our intention to keep working with the community during this extended period.

FIND OUT MORE

You can find printed copies of the CIP and display panels of the major proposals in the foyer of the Services Building (G12), 22 Codrington Street, Darlingtown, Monday to Friday, 9am to 5pm.

To view the application online, please visit **majorprojects.planning.nsw.gov.au/** and, under 'Search projects', enter 6123.
