

# HELP SHAPE THE FUTURE OF YOUR NEIGHBOURHOOD

**We want your help to create the heart of the future North Eveleigh neighbourhood, next to Carriageworks.**

Join us to hear about our plans for the area and:

- discover how a new park, community facilities, public art and heritage interpretation will contribute to a new neighbourhood in North Eveleigh
- discuss the design and layout of new buildings being considered, consistent with our broader work in the Central to Eveleigh corridor.

What we hear at the workshop will help us to finalise a development proposal for public exhibition in early 2016.

## North Eveleigh Community Workshop
